2.6.1 Programme outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated and displayed on website

2.6.1.1 PREAMBLE

Course outcomes (COs) are drafted covering syllabus of respective courses based on skills and knowledge gained by students. This was done by using objectives given in university syllabus and COs framed as per Blooms revised taxonomy. In the beginning of the term orientation sessions were conducted for the faculty members in this regard. Each course outcome is mapped with program outcomes (POs) by considering percent of key phrases matching. Program outcomes (POs), Program specific outcomes (PSOs) and course outcomes (COs) are discussed in departmental meetings and suggestions were taken by colleagues. Finalised COs are discussed with students during regular lectures and practical sessions and displayed on website also.

All this process is carried out in adherence with following SOP:

Use expected outcomes in syllabus by SPPU

⇩

Refer revised Blooms taxonomy to draft (decide words according to level of difficulty given there)

⇩

Mapping of COs with POs shall be based on percent of key-phrases matching from each POs.

⇩

Rough draft shall be discussed in departmental meeting

⇩

Make a note of suggestions given by other members
