RESEARCH POLICY

Academic institutions are expected to perform threefold activity which includes teaching, research and extension. Research is one of the most important aspect of academic activities which help the institution to achieve excellence in the field of education. It also includes the quality of learning and knowledge development. Research and developmental activities help to create and disseminates new avenues in knowledge, promote innovation and these will motivate better learning and teaching among faculties and students of MGV's Pharmacy College, Nashik. Research is the foundation of knowledge that builds state of the art facilities, promotes research publications, develops collaborations and becomes part of active community that shares the mission objectives. Taking these into considerations, MGV's Pharmacy college, Nashik has framed and implemented its Research Policy.

Purpose

The purpose of the Research Policy is to create a vibrant atmosphere of research among faculty and inculcate research aptitude among the students. The policy shall serve as an overall framework within which research activities may be carried out. It also aims to identify thrust areas of research having social relevance and thereby supporting the Vision and mission of the college. The Research policy also emphasises contribution towards society and to the nation at large.

Scope

This Research Policy forms the basics of the research ethics of the college and is implemented in all the departments and it serves as the guidelines for the functioning of the Research council of the college. The Research Policy shall have a Research Advisory Cell to function under the Principal, MGV Pharmacy College, and Academic Council, to assist and advise in matters related to research within the college.

Objectives of Research Policy

1. To develop desired awareness regarding research in the faculty of MGV COP.
2. To establish a right kind of research culture through various research initiatives and programs.
3. To encourage faculty members to publish research papers in peer reviewed journals and undertake various research projects of social and academic importance.
4. To publish a research journal, to provide a dais to the faculty members, as well as researchers and academicians in the college as well as in those from academia across the country.
5. To create awareness in the society through various research initiatives and by giving due publicity to the socially useful research projects that may be undertaken by the college.

The college shall have a well-defined research cell which has framed guideline for the scholar, teachers and all other concerned personnel.

1. To encourage original quality basic and applied research in the field of pharmaceutical sciences.
2. To identify the emerging areas of research and encourage the faculty members to undertake research in these areas.
3. To establish linkage (MOU's) with research institutes, industries and business organizations to identify potential areas of research, for sponsored and consultancy projects.
4. To encourage faculty members to get research projects from National Funding agencies like SERB, DBT, DST, ICSSR, AICTE, UGC and other such institutions.
5. To provide financial assistance for publication of patents, research papers and research findings and to encourage faculty and research scholars to take benefits of MGVCOP's Research Incentive Policy.
7. To offer a suitable platform to the faculty members, scholars and students of MGVCOP to present their research findings in national and international conferences.
9. To organize various workshops to develop appropriate research skills among the scholars and faculty members.
10. To depute faculty members to various workshops, symposia, seminars and conferences in their respective fields to upgrade their research skills and knowledge.
11. To establish suitable infrastructure in the college that will help to undertake different research projects.
12. To undertake all other such activities which will inculcate research culture in the college.

GENERAL GUIDELINES FOR PUBLISHING RESEARCH MANUSCRIPT

1. A researcher can have the right to be acknowledged as an author provided he/she has contributed in conceiving or design of the study or in analysis and interpretation of data or in critical evaluation of the content.
2. The name of the institute(s) should be acknowledged where the work has been carried out.
3. All publications should be in Scopus/Web of Science indexed, Peer reviewed/ UGC Care list journals. Caution to be exercised of Predatory journals. Contributions made should be free from plagiarism.
4. All faculties should provide the details of published manuscripts to the concerned committee regularly.
5. All faculty should be actively involved in applying for grants, patents, consultancy and research projects, in presentations/attending seminar or workshops or conferences, involved in research or review publications, enrolled in FDP or NPTEL or Swayam courses.
6. A review of all R and D activities will be carried regularly.
7. In case of research publications, calendar year will be considered.
